PROFESSIONAL SUMMARY

React Native & Full Stack Developer with 1+ years of experience delivering production-grade mobile and web applications using React Native, React.js, Node.js, Express.js, and MongoDB. Successfully migrated a healthcare application from Ionic/Angular to React Native, integrated multiple healthcare SDK's and AI technologies, and developed secure REST APIs with JWT/OAuth authentication and Razorpay payment integration. Experienced in building scalable, high-performance solutions across healthcare, LMS, and e-commerce domains within Agile teams.

TECHNICAL SKILLS

Mobile App Development : React Native, Expo, iOS & Android cross-platform development, Android Health Connect, Apple Healthkit, Push Notifications, Deep Linking

Frontend: React.js, TypeScript, JavaScript (ES6+), Redux, React Hooks, React Query, TailwindCSS

Backend: Node.js, Express.js, REST APIs, JWT Authentication, OAuth 2.0, MVC Architecture, Error Handling

Database: MongoDB, PostgreSQL , MySQL

Integrations: Razorpay, ElevenLabs Voice AI, Binah.ai SDK, HealtheX API

DevOps & Tools: Git & GitHub, Docker, Postman, Vercel, Netlify, Basic CI/CD Pipelines, TestFlight Distribution

WORK EXPERIENCE

AIIM Tech Software Solution | React Native & Full Stack Developer *Jun 2025 – Present*

Mediquince — Healthcare Product Platform — React Native migration & feature development

- Migrated a production healthcare application from Ionic/Angular to React Native, developing core patient features including appointment booking, prescriptions, digital wallet, family management, and ZEGOCloud-powered video consultations.
- Integrated Razorpay for secure in-app payments and implemented AI-powered health assessment, advanced healthcare workflows, and scalable cross-platform features.
- Deployed builds to TestFlight for iOS beta testing and coordinated QA feedback cycles across internal testers.

4Youngevity — Healthcare Mobile Application — Health data & AI integrations

- Built a React Native healthcare application integrating Health Connect, Apple Health, Binah.ai SDK, HealtheX API, and ElevenLabs Voice AI SDK.
- Engineered health data synchronization for real-time fitness and vital metrics across Android and iOS.
- Deployed builds to TestFlight for iOS beta testing and coordinated QA feedback cycles across internal testers.

Learning Management System (LMS) — Full stack web platform

- Engineered Course Management and Discussion Forum modules using the MERN stack.
- Designed 15+ secure REST APIs with role-based access and optimized frontend integration.
- Contributed to scalable architecture, MongoDB schema design, and Agile development practices.

ADDITIONAL WORK EXPERIENCE

Freelance Full Stack & React Native Developer *JAN 2025 – Present*

Developed MERN stack web applications and React Native mobile apps for startups and businesses.

Delivered production deployments and client solutions via LocalEStartup.

Website: https://localestartup.in/

PROJECTS

Amirthan Oil Mills — E-Commerce Platform MERN Stack *2026*
https://amirthanoilmills.com/

- Built a full-featured product catalogue with category filtering, search, Add to Cart, Wishlist, and a Razorpay-integrated checkout flow for a cold-pressed oils brand.
- Implemented order tracking, user authentication (JWT), and an admin dashboard for inventory and order management.

Ecommerce App — Mobile And Web React Native · MERN Stack · TailwindCSS *2025*
https://lesshop.vercel.app/

- Built a full-stack e-commerce platform with a React Native mobile app for buyers and a React.js web dashboard for sellers, featuring real-time inventory sync and order tracking.

TANCET Mock Test Platform MERN Stack · TailwindCSS *2025*
https://tancetquiz.vercel.app

- Organised and developed a secure online examination system for 100+ college students with login authentication, timed question delivery, and automated result evaluation.

V Print Tech — Company Website React · TailwindCSS *2024*
https://vprinttech.netlify.app

- Built and deployed a responsive MERN stack business website with a MongoDB-backed feedback system for a services company.

EDUCATION

Master of Computer Application (MCA) · Alagappa University, Karaikudi *2025 – 2027*

B.Sc Computer Science · Ayya Nadar Janaki Ammal College, Sivakasi *77% 2022 – 2025*

HSC · S.H.N.V. Matriculation Higher Secondary School, Sivakasi *89% 2022*

CERTIFICATIONS

- **Diploma in Computer Application —** Manivel Institute, Sivakasi.
